Cleric Comes From Prairie

REV. DR. E. H. LEE

Vancouver Island is paradise after a long experience of prairie winters, claims Rev. Dr. E. H. Lee, newly appointed vicar of South Saanich.

Dr. Lee arrived at his new charge last week. He will be priest-in-charge of St. Stephen's and St. Mary's, Saanichton. The newly-arrived clergyman takes the place of the late Archdeacon W. C. Western, who retired last fall and passed away shortly afterwards.

Dr. Lee was formerly Dean of Qu'Appelle, in Saskatchewan. Previously he had been for many years in Regina. Dr. Lee and Archdeacon Western were curates in the same diocese of Regina many years ago.

For many years Dr. Lee was assistant chaplain to the Royal Canadian Mounted Police in the Saskatchewan city. He recalls that the most welcome order he received during that time was a command to attend on the late King George VI and Queen Elizabeth during their royal tour.

The royal entourage had passed through the streets of Regina, with greater haste than was customary, recalls the doctor. His recollection is the indignation expressed by the King at the undue expedition of that phase of the tour.

Dr. Lee is a native of London. He arrived in Canada in 1916. Mrs. Lee hails from Northumberland in the north of England.

125 POUND COUGAR SHOT

The cougars are on the prowl again in Central Saanich. They are even wandering north into North Saanich where a handsome specimen was shot on Sunday.

Gus Underwood spotted the tracks of the beast near the East Saanich Indian Reserve. Game Warden Joseph Jones and Harold Luney were notified and a search was launched. The animal was treed on the Dominion Experimental Farm and shot by Mr. Luney.

The female cougar was seven feet in length and weighed 125 pounds. How it reached this well-populated district remains a mystery.

Salt Spring Man Called By Death

The death occurred in Veterans' Hospital, Victoria, on February 14, of Wilfred Warren, aged 67 years, husband of Mrs. Nellie R. Warren of Pufford Road, Salt Spring Island.

The deceased was a native of London, England, and had resided on Salt Spring Island since 1945. One son and one daughter, Wilfred R. and Mrs. Linda Jean Bell, both reside on Salt Spring Island.

Funeral services were conducted on Tuesday afternoon in the Mahon Hall, Ganges, and interment followed in Central Cemetery there. Hayward's B.C. Funeral Co., Ltd., were in charge of arrangements.

SPRING ON SALT SPRING

Father M. Lariviere of Salt Spring Island was a Sidney visitor on Tuesday morning. He reported that the heavy blanket of snow which fell over North Saanich on Sunday evening did not fall at Pufford. "It's definitely spring on Salt Spring Island," he said.

1952 School District Budget Is Submitted by Trustees

Budget struck by the board of school trustees of Saanich School District No. 63 for the operation of the district's various schools during 1952 has been submitted to the department of education and the councils of Saanich and Central Saanich Municipalities.

It is estimated that \$210,000 more will be required for financing education in the district in 1952 than in 1951.

Following table shows the Budget as finally approved:

	1952 Estimates	1951 Estimates
ADMINISTRATION ACCOUNT		
Salaries Admin.: Staff	\$ 7,857.56	\$ 6,540.00
Office Expense	900.00	700.00

CAPITAL ACCOUNT		
Sites	1,000.00	1,000.00
New Buildings		
Reconstruction	4,800.00	1,000.00
New Equipment	3,950.00	2,000.00
TOTAL ESTIMATED:		
Ordinary Expenditures	331,890.43	269,428.00
Plus By-Law	450,244.00	299,756.00
TOTAL	\$782,134.43	\$569,184.00

The 1951 Budget was set at \$1,019,428.00; \$269,428.00 ordinary and \$750,000.00 By-Law. However during 1951 only \$299,756.00 By-Law money was spent, thereby reducing the 1951 Budget to \$569,184.00; but carrying forward \$450,244.00 into the 1952 Budget.

The By-Law account whether charged to 1951, 1952 or later years in no way affects the mill rate, as this is a separate account taken care of by the sale of debentures with a set schedule of debt charges over a period of 20 years.

Increased School Taxes
Effect of the increased costs of operation of the school district will be felt sharply in the school taxes levied on ratepayers in the municipalities of Central Saanich and Saanich. In North Saanich this is pegged at eight mills.

The capital expenditures under the school building by-law will show an increase in the unorganized territory as well as the municipalities. The school taxes in that section of Saanich lying within the school district will show an increase of about 7.4 mills, while in Central Saanich the increase is likely to be considerably higher. The exact figures cannot be ascertained until the courts of revision are concluded.

The exact effect on properties in North Saanich cannot yet be calculated.

A Chore or A Pleasure

Some Thoughts On Art of Cooking
(By Muriel D. Wilson)

Do you like to cook or does cooking bore you? Maybe it is just the way you think of it. You can think of roses as having thorns or thorns as having roses. If you think of cooking as three meals a day for three hundred and sixty-five days a year, perhaps it is boring. On the other hand if you think of the preparation of meals as a creative art, it can be fun and exciting.

Originality is magic; it can be applied to cooking as well as any other art. Good cooking means the economy of your great grandmother and the science of modern chemistry, plus

a slight flourish of that little thing known as the personal touch. Good cooking goes beyond the exactness of a basic recipe. The cunning use of a herb as seasoning can lift ordinary food into the realms of the distinctive.

Aunt Hannah
My Great Aunt Hannah's reputation as a cook was something more than local. Her cooking had a subtle but unmistakable touch of genius — some surprise ingredient that was tantalizing, often mystifying but always delectable. Her

WRITER HURT IN FALLING DOWN WELL

John McNaughton, free lance writer and author of "Man, Jungle Wise and Otherwise", of Saskatoon, Sask., was a visitor to Deep Cove last week where he has property. On Friday, Feb. 15 he had the misfortune to fall into his well but was able to hang on for 20 minutes when help arrived. E. E. Beattie brought him to safety. Mr. McNaughton was badly shaken up but left on Sunday for his home in Saskatoon.

61ST WEDDING ANNIVERSARY

Mr. and Mrs. John Cook, of Galliano, celebrated the sixty-first anniversary of their wedding on February 11. Mr. Cook also celebrated his eighty-fifth birthday. They were married at Hancu B.C. and have lived at Galliano for more than 50 years.

A small family party was held at the family residence when Mr. and Mrs. Nick Cook with Edith, Charmain, Nicola, Dale and Brenda and another son, J. Lloyd Cook, were present.

Suffers Loss

MRS. KATHERINE UNDERWOOD
—Victoria Times Out.

One of Central Saanich's senior citizens, Mrs. Katherine Underwood, 95 years, suffered a heavy loss on Saturday morning last when her residence on the East Saanich Indian Reserve was destroyed by fire. The blaze is believed to have been caused by faulty wiring.

Members of the Central Saanich Volunteer Fire Department, augmented by Sidney firemen under Chief G. A. Gardner, fought the flames but it was a losing battle and the damage was heavy.

TWO HURT IN CAR CRASH ON SUNDAY

Two men were injured in a car collision at the corner of Beacon Avenue and Fourth Street, Sidney, at 4 a.m. on Sunday.

The Chevrolet coupe driven by D. W. Tripp was in collision with the Prefect operated by Basil Jayne and carrying Michael Griswald as passenger. The two men in the Prefect were both injured and were rushed to Rest Haven hospital for medical treatment. Mr. Tripp was uninjured.

Both vehicles were extensively damaged.

At 11:30 p.m. on Saturday a car accident occurred on Beacon Avenue as a light delivery truck was being pushed across the street by another car. A third machine collided with the truck but no one was injured.

MRS. MORRIS HEADS NEW SIDNEY P.T.A. BODY

Mrs. R. J. Morris, well-known Sidney resident and long identified with the P.T.A. movement, was elected president of the new P.T.A. which will embrace the new Sidney school at a largely-attended organizational meeting on Tuesday evening.

Other officers were named as follows: vice-president, Mrs. J. S. Rivers; secretary, Mrs. B. V. Lawton; treasurer, B. C. Ward; program chairman, Miss Irene Langas; social chairman, Mrs. F. Storey; health chairman, Mrs. P. E. Rowe; membership, Mrs. G. A. Gardner; publicity, Mrs. R. Pope.

Aims and objectives of the P.T.A. movement were outlined in detail by Mrs. Pottinger, of Victoria. It was agreed to hold the next meeting of the organization in the new school.

Banquet On March 22

—C. of C.

Annual banquet of the Sidney and North Saanich Chamber of Commerce will be held in the banquet room of Hotel Sidney on the evening of Saturday, March 22.

Arthur B. Langley, governor of the State of Washington, was invited to attend the annual gathering and address the Chamber members. At a meeting of the Chamber on Tuesday evening of this week, a reply was received from Governor Langley, expressing his regrets that he would be unable to attend at that date. He suggested, however, that his director of highways and the manager of the State of Washington Ferries would be delighted to attend. A pressing invitation to these gentlemen has accordingly gone forward.

The Sidney Chamber is anxious to establish close liaison with Washington because of the valuable international ferry service which links Sidney with Anacortes.

Buttle Lake

A report on the proposed damming of Buttle Lake for power purposes was presented to the meeting by G. T. German. It was agreed unanimously to endorse the resolution of the Port Alberni Chamber of Commerce calling for the damming of the lake for power development.

Next meeting of the Chamber will be attended by a representative of the public utilities commission and of Vancouver Island Coach Lines and a general discussion will ensue on the possibility of linking Sidney, Brentwood, Deep Cove and intervening points with a feeder bus line.

Future of the North Saanich War Memorial Park Board will be decided at a special meeting on Wednesday, March 5.

The special meeting will be called as a result of the poor attendance at the board meeting on Wednesday evening of last week. When the election of officers took place last week no member was prepared to undertake the duties of president. A. W. Murphy, physical education teacher of North Saanich, will continue in that office until the next meeting.

The board is responsible for the staging of the annual Sidney Day and for the maintenance of the park on Beacon Ave., Sidney. Although any resident of the area is eligible to hold office without payment of fees the attendance at meetings of the board has always been poor.

Mr. Murphy accepted the office of treasurer and Mrs. Joan Elhier will continue as secretary. Directors, elected for a three-year term, are W. Skinner, W. W. Gardner and Miss Audrey Pearson. George Gray resigned from the directorship and will continue to serve on the board as an associate director. His place will be taken by John Speedie.

Associate directors are G. A. Baul and R. N. Shanks.

Whip

A. J. R. ASH, M.L.A.

Member of the legislature for Saanich constituency, Arthur J. R. Ash has been named government whip and assumed his new duties with the opening of the legislature this week. Announcement of Mr. Ash's appointment was made last week by Premier B. I. Johnson.

It was agreed at a meeting of the Saanich Liberal Association on Tuesday evening of this week that a nomination convention will be held in Liberal headquarters in Victoria on March 18. Mr. Ash has announced that he will again seek the nomination while H. K. Bate, Victoria barrister, is also in the running. So far as is known, the Saanich nomination meeting will be the first before the forthcoming provincial election.

CHARGED WITH THEFT

Frederick Cousins and Robt. Jas. Blythe, of Saanich Municipality, have been charged in Saanich police court with the theft of a power saw from Cecil Hannay, of Sidney. The case has been remanded.

Park Board at Crossroads

Final Meeting Is Scheduled

A. W. MURPHY

The board was informed that the accounts show a balance of \$815.01. The returns from Sidney Day amounted to \$488. Of this sum only \$67 remains on the books. The remainder was absorbed in the costs incurred during the preparations and in the provisions of improvements on the grounds.

It has been suggested at a public meeting last year that the first \$500 raised by the board be devoted to the funds of the board and that the next \$500 be set aside for the construction of a recreation hall. The meeting decided that in view of the small returns and in view of the lack of interest shown by the public that this suggestion would not be adopted.

At a meeting of directors after the board meeting Brian Foster was appointed chairman of the grounds committee and Joe Taylor head of the tennis court committee. Mr. Taylor will be assisted by Mr. Gray.

BUSINESS AREA IN SIDNEY IS IMPROVED

With the arrival of spring already heralded by snowdrops and crocuses in full bloom, proprietors of several Sidney business houses are improving and brightening their premises.

Good progress is being made in the enlargement of Sidney Cash and Curry grocery store on Beacon Ave. A substantial addition to the premises of Stan's Grocery at the corner of Third St. and Beacon Ave. is also nearing completion.

Front of the rebuilt business block of Tama Sheet Metal has been stuccoed and the appearance of the structure materially improved.

A new kitchen has been constructed in the Beacon Cafe of Eddie Eng and a new and modern dining room is being installed at the front. The entire building is being renovated and modernized.

Start Training For Disaster

—Many Candidates

Thirty residents of North Saanich and Central Saanich attended the opening lectures of the civil defence course which got under way on Tuesday evening at North Saanich high school.

The students of civil defence will attend two classes each week for the next six weeks. They will also attend classes at the week-ends.

None of these volunteers is in receipt of any remuneration for his services and all are preparing to serve their fellows in the event of a Third World War.

Brig. McCarter
On Tuesday evening the class was addressed by the deputy provincial co-ordinator, Brigadier G. A. McCarter, who outlined the organization of civil defence through the country, the province and the district.

Major A. Cathcart Bruce, provincial training officer, spoke at length on the lessons learned when London was forming its Air Raid Prevention groups during the first heavy raids of the recent war.

The two senior defence officers then handed over the reins to School Principal James Audain, of Royal Oak, and R. Abbott, of Victoria.

Upon successful completion of the course the students will receive an instructor's certificate and will hold their own classes in civil defence in their home areas. As instructors they will be under the direction of Roger Peachey, co-ordinator for the Greater Victoria mutual aid area.

For the purpose of civil defence the entire district north of Royal Oak to the boundary line south of Ladysmith, will be prepared for the reception of casualties from the target area of Victoria and will furnish reinforcements for fire fighting and other forms of civil defence. Thus all personnel enrolled in the mutual aid area must be trained for service in the target area.

The Candidates
Members of the first class to be sponsored in North or Central Saanich are as follows:

From Sidney—Fred Madsen, Miss J. B. Chamberlain, T. A. Aiers, A. Calvert, R. N. Thomson, J. N. Taylor, Sqdn.-Ldr. C. S. Goode, Capt. and Mrs. G. R. Stuart, Mr. and Mrs. J. North, A. R. Mills, D. E. Breckenridge, Mr. Desmond, Mrs. B. Christian and K. Wylie. From Central Saanich are Mrs. J. Rugg, Mrs. Homstreet, Mrs. V. Lawley, Maj. E. R. Gibson, Mr. Alexander, W. F. Margaron, Maj. C. A. Dadds, Mrs. Laws, Mrs. Sefton, Mr. and Mrs. R. Boutellier, Mrs. H. Pacey, G. D. Moody and Mrs. Wishart.

LONG TIME RESIDENT OF ISLAND PASSES

The death occurred at Ganges on February 17 of Mrs. Lucy Maud Wagg, aged 73 years, widow of the late Frederick William Wagg, of Salt Spring Island. The deceased was born in England and had resided on the island for 32 years. She is survived by two sons, Stanley J. and Cyril H., of Ganges.

Largely attended funeral services were conducted in St. George's Church on Tuesday afternoon by Ven. Archdeacon G. H. Holmes, and interment followed in the Anglican cemetery. Hayward's B.C. Funeral Co., Ltd., were in charge of arrangements.

LEAVES VETS' CLUB

IMPRESSIVE TRIBUTE TO KING GEORGE VI AT HIGH SCHOOL

An impressive ceremony to pay a last tribute to the late King George VI was held last Thursday afternoon at the North Saanich high school.

Miss Jean Christie, regent, H.M.S. Endeavour Chapter, I.O.D.E., paid a moving tribute to the memory of His Majesty. Her address follows:

"It is with a sad heart that the Imperial Order of the Daughters of the Empire come to join this memorial service with you in honor of our beloved King George VI. Since the day he was crowned with all the pomp and ceremony of tradition, crowned with jewels and robed in ermine and scarlet and with his wife, our Queen, and his two little daughters, drove through the thousands of cheering happy people, until his last good-night was said, we, his people, were foremost in his thoughts. The motto of the British Monarch is 'Ich Dien' which means 'I serve'. Most people think the people serve the King, but the truth is, the King serves his people. He guided and loved us through the happy days of peace before the war and when he visited us in Canada. Through the black days of war when hate and jealousy, like a wild winter storm crashed and shook and twisted our Empire as if it were a great tree. While her branches were broken and her leaves and fruit were scattered to the four corners of the earth, our King stayed in the midst of it all, like a strong root holding us together.

"Peace came and the pruners chopped off this branch and that. The unsafe and rotten parts were being removed and our tree, the Empire, will stand clean and strong with the branches of Great Britain, Canada, Australia, New Zealand, South Africa, The British West Indies and British India.

"The tree is bare now but wholesome and with the dawn of a new day, the green leaves will appear and the fresh sweet blossoms of prosperity and peace, and soon the boys and girls in this room will be the fruit. Be brave, good and God-fearing as your King has been. To follow his example in service to others will be the greatest tribute you could pay him. His reign will bring about a better understanding with all Christian loving people, and the young Queen, his daughter,

will surely follow in his footsteps. "Love is immortal, life is eternal and what is death but the horizon of our sight. Say not to this man good-night, but with love and gratitude and congratulations say good-morning."

Reads Poem
Sympathy to the Royal Family was expressed in prayer by the Rev. E. S. Fleming who also read a poem, "Heroes of the Blackout" that he had written just following the striking of the George VI Medal, an award for civilian bravery and achievement on the "blitzed home front."

A reverent silence of quiet tribute was broken by Miss Vera Charlesworth who sang "The Lord's Prayer".

Hymns used were "God Is Our Refuge" and "O Valiant Hearts". Miss Charlesworth led the assembly in the National Anthem, "God Save the Queen".

Mrs. H. C. Webb was accompanist for Miss Charlesworth and Miss Gail Smith was pianist for the hymns and National Anthem. D. E. Breckenridge, principal, presided.

Burnaby Baptism Of Interest Here

Three grandparents and one great-grandmother were present at a christening when the five-months-old daughter of Mr. and Mrs. Robert W. Prittle of South Burnaby, B.C., received the names Heather Anne.

The baptism was held on Sunday, Feb. 10, during morning service at All Saints' Anglican Church, South Burnaby, and was performed by the rector, Rev. Canon T. W. F. de Pencier. Mrs. Robert S. Evans, of Burnaby, Mrs. Frank Loveless, of Victoria, and John W. Gilmore, of Vancouver, were godparents, with Mrs. Freeman King of Victoria, the baby's maternal grandmother, as proxy for Mrs. Loveless.

CHURCH LADIES HOLD MEETING

The February meeting of the St. Andrew's and Holy Trinity afternoon branch of the W.A. was held at the Rectory, 17 members and one visitor attending.

The Rev. R. Melville held a brief service of prayer at the opening, in memory of the beloved King George VI.

During the meeting that followed, the president read the monthly bulletin, and it was gratifying to learn of the good work of the Dorcas department; of the many useful gifts and needed supplies sent to Alert Bay and other missionary points in the diocese. The afternoon branch looks forward to an early visit from Mrs. Harding, the diocesan Dorcas secretary, to hear more of the work of this department.

Mrs. Atkin reported that 21 members have subscribed to the W.A. magazine, the "Living Message". Mrs. Bell and Mrs. Orman were appointed delegates to the annual diocesan meetings to be held in Victoria in March.

The hostess, Mrs. Melville, served a delightful lunch at the close. The next meeting is to be held in the home of Mrs. Hazelhurst in Deep Cove.

PROBLEM OF YOUTH DELINQUENCY IS STUDIED BY P.T.A GROUP

Problems of youth delinquency and their treatment were discussed by a panel of four active workers in this field in a manner that held the rapt attention and interest of one of the best attended meetings of the Mount Newton P.T.A.

Chairman of the panel was Mrs. A. Whittaker, youth welfare convener of the Victoria District Parent-Teacher Association. In opening her remarks, Mrs. Whittaker defined the Parent-Teacher Association as a wonderful medium between parent and teacher for linking together all agencies striving to promote the child's highest good. Miss M. Wright, director of family and children's service, reviewed the organization and scope of the work of her group. Chief aim was to help delinquents and problem cases help themselves make a better adjustment in society. The group was always ready to assist in juvenile court cases.

Illustrations were given which disclosed the very great difficulties workers had to face in the diagnosis of delinquent problems. Apparent causes were not always the significant matters to consider in dealing with delinquents. The hidden and underlying explanations called for a great deal of patient interviewing and counselling by workers qualified with special training and experience.

An Appeal

Miss Wright made a vigorous appeal to her listeners to give the fullest possible support to the coming Community Chest drive so the work of rehabilitating youth needing help and direction would not have to be curtailed.

A review of the scope of local health services, by Mrs. Walker, district school nurse, brought to light many activities in the interest of youth. Such included pre-natal classes, mental health guidance, visual-nervous check-ups, nutrition problems, and critical emotional problems. The latter group found frequent reference to the Child Guidance Clinic. Here, trained psychologists and psychiatrists were able to direct the child to make adjustments leading to a normal and healthy life. Thus many activities of the Health Service prevented the growth of delinquent tendencies.

Miss C. Gardner of the Y.W.C.A.

of Victoria, which recently celebrated its sixtieth anniversary, declared this group was the outcome of the philosophy, "If you really believe in what you are doing, things get done." The organization provided residence for 30 girls as well as beds and accommodation for girls travelling alone. It also maintained 19 clubs under the supervision of two trained workers and was very active in promoting Girls Y-Teens. Another important function was to provide assistance to travellers needing help. Special behaviour problems were referred to Family Welfare and Children's Service.

Panel presentations closed with a question period. President R. C. Muirhead paid a tribute to Principal W. Roberts for organizing the program.

Next important activity of the P.T.A. will be a telephone card party to be held at members' homes Friday evening, Feb. 29. The convener, Mrs. W. J. Hakin will be glad to hear from all persons willing to assist.

The group passed a motion of appreciation to James Waistell for his work in preparing plans for a loud speaker installation, action on which has been temporarily deferred.

Mrs. R. Tubman presented the report of the executive committee, while M. Connor, treasurer, reported funds on hand of \$229.

Refreshments were served by the social committee.

A Unique Canadian Pacific Express Shipment

—Canadian Pacific Railway Photo.

A model of the old Town Hall clock tower of Preston, England, was a unique Canadian Pacific Express shipment aboard the Empress of France when she docked at Saint John, N.B., last week. The model, which moved in the custody of Chief Bedroom Steward William C. Hartley (far right), a native of Preston, is now travelling throughout Canada and the United States, and is being displayed in the city halls of many of the major cities. With it is an illuminated scroll on which all ex-Prestonians are asked to sign their names. The clock tower, carved from the original timbers of the old structure which was destroyed by fire in 1947, is a symbol of the Preston Guild celebrations which, with the exception of the war years, have been held every 20 years for the last 400 years. They will be held in Preston on September 1 this year and the model of the tower carried an invitation to all old Prestonians to attend. In this picture taken the day the tour started in Liverpool aboard the Empress are (left to right) Councillor J. W. Taylor, mayor of Preston; Preston's town clerk, W. E. Lockley; D. B. W. tson, general agent for the C.P.R. at Liverpool, and Mr. Hartley.

SAANICHTON

An enjoyable evening was spent at the Parish Hall, Mount Newton Cross Road, Saturday, when the ladies of the Saanichton Circle entertained their husbands or friends at a supper and social. Games and old-time dancing provided entertainment after which tea was served, which brought the evening to a pleasant conclusion.

Members of the Saanichton Badminton Club enjoyed a friendly tournament at the Patricia Bay Airport Club recently, with the Saanichton players taking the honors with a 9-7 win. A return match will be staged in the Agricultural Hall this week.

SAANICH PENINSULA BRANCH NO. 37 LEGION NEWS

(By William Stewart)

The annual meeting of the Ladies' Auxiliary to the branch was held in the Orange Hall, Saanichton, on Monday evening, Feb. 11, with an excellent turnout of members present.

Mrs. F. J. Allen, Airport Road, was re-elected president for the coming year. Mrs. K. O. Herrington and Mrs. G. McNeill were elected first and second vice-presidents respectively. Mrs. W. C. James was returned to the office of secretary, as was Mrs. R. Morris to the position of treasurer.

The secretary and treasurer's reports were read and accepted by the meeting.

Those appointed to other positions were as follows: Mrs. W. Burrows, standard bearer; Mrs. Herrington, social convener; Mrs. Allen, press correspondent; Zone council representatives; Mrs. Smith, Mrs. Bath, Mrs. Garrard and Mrs. Allen.

Fur trading is not a thing of the past in Canada by any means. In 1950, in the North West Territories alone, it was a big business, worth \$2,500,000.

Some Early Saanich History Is Unfolded by Retired Clerk

There is a tendency to take the past history of the area for granted. Many residents are unaware of the problems and struggles of early Saanich men whose efforts formed the municipality known today.

There was one man who delved deeply into the early days of Saanich as an incorporated district and left his brief notes for those who might wish to know something of what he had learned in later years. His name was I. R. Carmichael and for many years he was municipal clerk of Saanich.

The following story of the development of Saanich municipality was compiled by the late Mr. Carmichael during the days of his retirement. It was written 11 years ago and will be of interest to many residents of Central Saanich today.

Saanich municipality was founded on March 1, 1906. The government appointed F. Turgoose as returning officer and at a meeting called on March 8, the nomination was secured of seven men to form the council, thus needing no election, were declared elected and on March 10 these were sworn in and held the first meeting when Thos. Brydon was selected to act as reeve.

A small house of two rooms and lean-to, on Glanford Ave., was secured as office and meeting place. The partition between the rooms was removed to make room for the council table, the clerk's desk and a small safe.

H. O. Case was appointed clerk and held office until July 1907. J. G. Elliott was appointed auditor and to assist with the assessment.

The tax rate levied was very low. So far as I remember, it was five mills on land and 50 per cent of improvement values.

Elected Reeve

At the 1907 election Mr. Brydon was elected reeve, with six councillors.

During 1905 there was a strenuous opposition to the formation of the municipality, but the number in favor carried the day, though a compromise was suggested that only the old Victoria District should be incorporated, leaving out Lake and South Saanich. The proposed line would have run from top of Cedar Hill to the top of Knockan Hill, above Portage Inlet.

The revenue was small and the roads were looked after as well as possible, \$14,721 being spent for roads and all other expenses. School costs were \$4,721.

In previous years the government had spent about \$20,000 per annum

In the 1919 election Joseph Nicholson was elected reeve, which position he held for four years.

Land Boom

During this time the land boom in Victoria and district got into full swing. The assessment naturally increased and from \$3,414,000 in 1907 it rose rapidly until in 1914 it reached \$20,109,000.

From 1912 to 1917 there was no assessment levied on improvements, but the fall in value of real estate necessitated the tax on improvements to keep the tax rate down.

On the latter year real estate was only valued at \$5,335,000, one-fourth of 1914, and at the present time (1940) is at the original level of 1907.

At the election of 1911 there was a vote taken to decide where the municipal centre should be established, and a strong canvass for building at Royal Oak or establishing the office in Victoria.

Royal Oak was chosen by a large majority and the council proceeded to provide for building the hall.

J. C. M. Keith was appointed architect, who prepared plans which were approved, and in May C. E. Merkley during assessment and tax notices being sent out.

Clerk Alone

Up until this time the clerk alone did all the office work with the assistance of Wm. Jackson or Philip Goepel during assessment and tax notices being sent out.

About 1908 Mr. Russell resigned as constable and Geo. Edwards took his place. The following year Hugh Little (continued on Page Nine)

Friday Hoop Games At Brentwood

A snappy basketball series is scheduled for the Brentwood Community Hall on Friday evening of this week, commencing at 7.15 o'clock.

Brentwood pee-wee boys will tangle with Saanichton in the opener. It is the first battle of a two-game, total-point series for the Saanichton Community cup.

The second fixture will see Brentwood pee-wee girls meet Saanichton in the first game of the Saanichton Community cup play. This will be a four-game, total-point series, a home-and-away game with Saanichton and also with Sooke.

Brentwood junior boys will meet Tillicums, winners of the city mid-get boys' series, in the third event while the finale will see Brentwood senior men tackle McMorran's, lower island Intermediate "B" champions.

CLEAR WATER

Here is a helpful hint for when you go camping and are bothered by muddy or apparently undrinkable water. If you pour two tablespoons of condensed milk in a five gallon can of water, this being heavier than water, will sink to the bottom drawing the sediment down with it. In a few minutes the water may be poured off clean and fit for drinking.

LOTS OF FURS

Canada still is one of the great natural fur preserves of the world, and each year, about 7,000,000 pelts are taken.

SHEER VANDALISM

ONE or more simple-minded youths recently made themselves either famous or infamous in the North Saanich War Memorial Park.

Not boasting sufficient gray matter to think up any other form of entertainment, they defaced the memorial plaque at the cairn with tar. Names of those who died in the First World War were partially obliterated in the process.

Not satisfied with this contribution to society, they hurled stones at the cairn, pitting it deeply in many places. Members of the Canadian Legion, who care for the cairn, are now faced with considerable labor and expense to return the cairn to its original condition, so far as is possible.

Can anyone explain the mental workings of those responsible for this unique form of amusement?

UP TO THE PEOPLE

FOR many years there has been an annual Sidney Day staged on the grounds of the North Saanich War Memorial Park. Almost since the inception of this annual feature the responsibility has developed on the shoulders of the same group for the necessary preparations. There have rarely been more than a dozen members of the public at any park board meeting and the general attitude of the community towards this function has been one of apathy.

The members are justified this year in their demand for a further meeting following the pathetic gathering on Wednesday evening last week. The board has now reached an all-time low in public support. The future picture is a grim one. There is not even a man at the helm. President A. W. Murphy has agreed to undertake the duties for the time being but he is unable to continue through the summer as this is his heaviest season.

The board is largely made up of local businessmen or those who have served on the board for many years. The former cannot undertake an office which will jeopardize their businesses. The latter have in many cases already done their share and it is time that they fulfilled the less demanding of duties in this connection.

The next meeting of the board will be staged on March 5, at the Sidney school. If the response should show no material improvement there can be no question of the desires of the public. A continuation of that apathy that has plagued the board over the years will be authority to discontinue the work of the board.

It is now up to the people of the district.

NAMING A SCHOOL

AT the written request of the trustees of Saanich School District No. 63. The Review several weeks ago invited residents of North Saanich to suggest names for the new elementary school erected in the community of Sidney. The handsome new structure will shortly be put into use, replacing the old Sidney school which served children of this area for more than half a century.

There was a surprisingly great response to the invitation and scores of suitable names have been suggested. All have been submitted to the school board by this newspaper.

The Review has been impressed by the expressed feeling of residents of this area that some modern name should be chosen. A few have suggested that the name of the old structure should be adopted—Sidney School—but they have definitely been in the minority. Some have favored Sidney Elementary School but at least 90 per cent favor a distinctive name as is the modern trend.

We feel that the school board would be justified in avoiding a controversial issue, such as naming the school after some resident of this area. But the recent death of King George VI, while the new school is being prepared for occupancy, should open the door for the selection of a name which would perpetuate his memory in this district. That would appear to be a consensus of the thinking in this district today.

EDUCATION WEEK

TO those interested in the welfare of youth, Education Week is being observed across Canada from March 2 to 8. Its purpose is to encourage all citizens to examine, discuss and help to improve their educational system.

Education can be regarded as the country's greatest industry. It affects both young and old. Everybody pays for it—sometimes less directly than they do indirectly. Only serious discussion by parents, teachers and all citizens can help to present information that will help to improve the nation's schools.

This year again: "Education Is Everybody's Business." A great cross-section of Canadian organizations will give attention to it.

Teachers of District 63 are willing to assist in any way they can in making the observance of Education Week a profitable experience to all. Your meeting need not necessarily be held during the week proclaimed.

... Letters To The Editor ...

LEGALIZED BEGGING

Editor, Review,

Sir: We seldom take up the daily papers these days but we see some group of men threatening to go on strike and demanding an increase in pay. In Vancouver a year ago the B.C. Electric street railway men asked for an increase of 60c per hour, although they were already getting \$1.25 to \$1.35 per hour.

The Pacific Stages went on strike for a 40c hourly increase. Mc & Mc employees went out for a 40c increase, and many, many others throughout the year. Now if a man goes begging on the street, he gets run in. But this practice looks to me like legalized begging and they get away with it. The conciliation board grants them an increase—perhaps not all they ask but a good portion of it—and the storekeeper to cover his loss raises the price of his goods, but out of all proportion to the difference he has to pay out.

Take the bakers for instance. When the price of flour was raised \$2 per hundred pounds, the bakers raised the price of bread 2c per loaf. I am told that 100 pounds of flour will make 130 loaves of bread, each loaf being 16 ounces. But the bakers' loaf is only 15 ounces, that is 145 loaves—a 95c straight gain on each 100 pounds of flour.

Coming back to Victoria. The carpenters are now asking a 75c per hour increase from \$1.75, although I doubt if more than one out of every 10 earns what he is already getting. Many of these men have no family responsibilities and none of them needs the increase. It is only that much more to spend on booze and pleasure and many of them are broke every pay day, no matter how much they get. They don't mind if prices of bus fares go up because they have the money to pay for it.

They tell you a man can't live on \$1.25 an hour but the sectionmen

The Review's Book Review

"Long, Long Trailer", by Clinton Twiss; Thomas Y. Crowell; 238 pp., \$3.75.

"There's a long, long trailer winding..." When the Twiss family decided to purchase a house trailer and spend a two-year holiday touring the United States they were heading for the unknown. In common with all holiday-makers they learned that a budget is of little value when it comes to making ends meet on holiday.

The grand tour of the country was interesting to the tourists and makes for one of the best farcical stories that has appeared for a considerable time.

The entire story is filled with absurdities. The incidents are not only possible but obviously could have happened. It is not only the significance of the experiences of the trailerites but the manner in which they are written that holds the attention of the reader.

It is difficult to indicate any one book and say that it is funny. Every reader will not agree. Nevertheless there can be few who will not get a good laugh from this picture of a trailer tour on the grand scale.

The instances where two trailers park on the main street I found amusing. The aggregate length of the two trailers and cars is about 100 feet. While everyone else goes in the hotel for dinner, Twiss is left to placate a dozen parking meters alongside the mammoth vehicles. By the time he has acquired sufficient pennies to go around the first meter is on "violation."

The change in his pockets will not go around and each time he replenishes his fund of cents he is obliged to start all over again. By the time he has at last acquired a sufficient supply of nickels to do the job his party is back again having eaten their dinner.

The book is filled with such incidents.

The occasional use of profanity in quoting remarks will not be so acceptable outside the native country of the story. It is strange that the tendency towards profanity is more prevalent in American literature than elsewhere, while in other fields a greater censorship than in many countries, is felt.

The Long, Long Trailer is a long trail of laughs. It may even foster a keen desire in the reader to acquire his own trailer and pursue this form of entertainment.—F.G.R.

Boyhood Of a King

(Gerald Clark in Montreal Star)

I've just been re-reading a book by Major J. T. Gorman, on the life of King George, published shortly after the coronation in 1937. Some of the incidents related by Major Gorman reveal the character of the late monarch even as a boy. King George, known in his childhood as Prince Albert, learned at an early age part of Royalty's duty—to look pleasant. With his sister, Princess Mary, Prince Albert was a pupil in a small nursery school. One day, they were attending some local entertainment and Prince Albert felt, and appeared, somewhat bored. Whereupon Princess Mary, 16 months his junior, nudged him, whispering loudly, "Smile, keep on smiling!" And Prince Albert obeyed.

In more whimsical vein, Major Gorman tells of a luncheon with King Edward VII. Prince Albert, usually a shy boy, suddenly during the first course interrupted his grandfather's conversation and was gently reproved. Again he began, "But, Grandpa—" and again was reminded that children should be seen, not heard. At the end of the meal, King Edward said kindly, "Now, what was it you wanted to say, my boy?"

Prince Albert Answered: "It's no good now. It was only to tell you that there was a caterpillar in your salad, but you've eaten it."

PORKERS ON THE INCREASE

In December, 1951, the number of pigs in Britain reached a total of 3,000,000—an increase of 44 per cent over December, 1950. Sheep, at 10 million, show a half-million increase. Last June, Canada had 1,058,000 sheep and 5,875,000 pigs.

of the railways don't get that much. But let us now look on the other side—the Social Assistance cases, the war widows, the burned-out veteran and the old age pensioners. Or take up the Vancouver Sun and turn to the column "situation wanted" and you will find at least six women offering to work for 60c to 75c an hour (and not an increase, mind you). No doubt many of these women do have family responsibilities. Do they not require as much to live on as you men? Would they not also like to ride on the bus?

No, the poor old man or woman must now walk. They cannot afford to pay the increased bus fare and it is not legal for them to beg. I think the conciliation board should only grant a wage increase on one condition—that the increase be paid into a fund to be paid out to every woman whose wage is less than \$1 an hour.

World Scholars and Unesco Officials Plan a History of Mankind

A six-volume history of mankind, from prehistoric times to 1957, the year of publication, is to be written by a team of 1000 leading world scholars. The sponsor of the program is the United Nations Educational, Scientific and Cultural Organization (Unesco), which is advancing \$400,000 for the work, which is estimated to cost \$600,000. The project will take five years to complete and will assemble knowledge of all races, cultures and peoples, past and present. Here are Unesco officials and members of the International Commission for a Scientific and Cultural History of Man-

kind, which is in charge of the work: Left to right, seated: Dr. Constantine K. Zurayk, Syria; Dr. Julian S. Huxley, the United Kingdom; Dr. Paulo B. Carneiro, Brazil, President of the Commission; Dr. Jaime Torres Bodet, Mexico, Director-General of Unesco; Dr. Ralph E. Turner, the United States, chairman of the editorial committee, and Dr. Carl J. Burckhardt, Switzerland. Standing: Dr. Pedro Bosch-Gimpera, Mexico; Dr. Jean Thomas, France; Dr. Silvio Zavala, Mexico; Dr. Charles Moraze, France; Dr. Armando Cortesao, Portugal, Commission secretary-general, and Dr. Mario Praz, Italy.

Reflections From the Past

20 YEARS AGO

Fire Chief A. Critchley has announced a change in the system of fire signals in Sidney, which will take effect as from next Friday. The signals will continue to be given by the whistle at Sidney Mill. One continuous blast will indicate a fire at the mill; one long and one short blast repeated three times will indicate a fire in the town.

E. Forster, principal of the North Saanich high school, addressed a meeting of the Young People's Society on Monday evening.

Commander and Mrs. Anderson, who have been spending the winter months on Mayne Island, were recent visitors to Ganges. They were the guests of Miss K. Frampton at Vesuvius Lodge.

The executive of the Pender Island Farmers' Institute, composed of President N. N. Grimmer; Vice-president A. H. Menzies, Secretary-treasurer A. E. McLean, and W. Bowerman, Harry Kirk, L. W. Auchterlonie, V. W. Menzies and W. Falconer, directors, met on Monday afternoon to make preparations for the coming season. It was decided to support the gardening competitions again this year. There is still a quantity of tile on hand and it is hoped to acquire a carload of hay and grain at reduced prices.

On Saturday afternoon the Guild of Sunshine held its annual meeting in the club room at Ganges. The following officers were elected for the coming year: honorary president, Mrs. J. Mount; president, Mrs. Stuart Holmes; first vice-president, Mrs. G. J. Mount; second vice-president, Mrs. H. Noon; secretary, Mrs. W. Rogers; treasurer, Mrs. R. Young; executive, Mrs. Allan Cartwright, Mrs. Gavin Mount, Mrs. F. Stacey.

Mr. and Mrs. Thomas Isherwood and their son, Madison, have returned to their home at Horne Lake after spending a few weeks at Fulford the guests of Mrs. Isherwood's mother, Mrs. Walter Cearley.

25 YEARS AGO

Mystery of the disappearance since January, of a Chinese, Wong Chang, of Knapp Island, was solved this week when his body was found at the south end of Sidney Island. A farmer discovered the corpse which had been in the water for more than a month. The 68-year-old Chinese attempted to cross from Sidney to Knapp Island on January 8. The launch was found drifting later, but no trace of the body or indication of the nature of the accident had previously been ascertained.

The following is the order of merit of the pupils at North Saanich superior school during the month of January. Division one, grade eight: Catherine Hayward, Nesta Carter, Annie Boshier, Annie Ohren, Frank Nunn, Ronald Marshall, Winifred Taylor, Irene Lambert, Elizabeth Gibson, Sylvia Gorton, Lillian Tuttle and Rita Hoare were both absent during the tests. Grade seven: Horace Straight, Joan Stirling, Tom Gorton, Julia Erdelyan, Peter Ricketts, Grace Marshall, Clifford Hill, Wesley Jones. Grade six: Florence Nunn, Wilfred Hill, Grace Norbury, Cyril King, Nalrichi Yanai, Elsie Chancellier, Roy Tuttle, Agnes Holmes, Jack Toomer, Charlie Ricketts, Jim Lorenzen. Grade five: Dawn Hayward, Cyril Stirling, Bella Gorton, Gloria Taylor, Ellen Jeffery, Allan Jeffery, Teddy Nichollet, Nora Hoare, George Clark. Grade four: Gertrude Lannartz, Priscilla Towlers, Edith Readings, Betty Thomas, Elizabeth Clarke, Willie Davies, Doris Norbury, Sidney Beswick, Alec McLachlan, Maurice Connor, Genevieve Ricketts, Fred Clarke, Margaret Abson, Charlie Gibson. Promoted to grade three: Myrtle Norbury, Vera Heal, Kenneth Tuttle.

30 YEARS AGO

The body of Mr. Newnam, of Montague Harbor, who disappeared during the early part of December, has been found on the Galiano shore of the Trincomeale Channel, a short distance from the point where he was believed to have been drowned.

The Auditorium Theatre at Sidney, which has been under the management of V. Henn for the past several months, has been taken over by S. K. Halseth, who will present his pictures there on Saturday. Mr. Halseth intends to install an improved heating system and increase the seating capacity in the near future.

Last week Misses Geraldine and Audrey Payne returned home to Saturna Island for a week while Victoria is experiencing a plague of "flu."

Sniping At Great Britain

(Peterborough Examiner)

The Mexicans are laying claim to British Honduras, a Crown Colony on the Caribbean Sea, one of the Central American states. Argentinians have fired on a British Landing party putting ashore at Hope Bay on the tip of Antarctica's Graham Land, and prevented their landing. Hope Bay is a British base, unused since 1949. These two tabs at British overseas authority do not astonish. When the giant is prone the buzzards swarm.

The Argentine's pretensions to British territories in the south seas and the Antarctic have been mounting since the Peron regime inflicted a peculiar brand of nationalism on that country. It has claimed the Falkland Islands. Its demands are moving farther south, to weather stations and scientific bases which other countries, including Britain and the United States, have in Antarctica.

British Honduras is in a different category. Historically, politically and in some sense religiously, part of the British Honduras was Mexican, part Guatemalan. Since 1863 a treaty had defined the frontiers of British Honduras and Mexico. The 60,000 people of British Honduras are probably not at all anxious to denounce the treaty, since, without British control, both Mexico and Guatemala (neither of whom

YOU ARE INVITED TO A YOUTH FOR CHRIST RALLY at NORTH SAANICH PENTECOSTAL CHURCH East Saanich Road - Bazan Bay on Friday, Feb. 22, at 8 p.m. This Rally is in charge of Mr. Ron Hall, Director of Youth for Christ in Victoria.

Heart Strain In Winter

(Buffalo Courier-Express)

No day goes by without incidence of death by heart disease, the most common of fatal ailments. There is reason to expect that the approach of winter aggravates the situation. The disease is particularly sinister in that it catches people off guard, whether at their work or other accustomed pursuits. Obviously, special caution should be exercised in view of the various seasonal hazards.

Winter rules to avoid overstraining the heart are listed by the New Jersey Heart Association as follows:

"Don't overdo snow-shovelling, particularly if you're over 50 and used to sedentary work. When burdened by heavy bundles, hail a cab or ride the bus. Don't try to struggle through snowstorms or heavy winds. When furnace-tending, take it easy. Walk up and down stairs slowly. Get help in carrying out ashes."

"Avoid overloading when you sit down to the holiday table. When brisk, snappy weather makes you feel 'full of pep,' don't be fooled. No matter what the activity, be it sports or work, try to perform it slowly, deliberately and with frequent pauses."

An instinctive sense of caution in keeping with the foregoing might be expected to be felt by anyone with "a heart condition." All too often, however, it happens that people with a tendency to heart trouble, particularly those in middle age, are unaware of it. Submission to examination is advisable, especially when curious symptoms—such as sudden stomach distress—are noted, though not immediately associated with the heart. Prompt medical attention may save a life.

Everyone is affected to a varying degree by the tension of time, and winter imposes special strains on the human system. A satisfactory condition of the heart should not be taken for granted. Nothing could be more important than to be on one's guard to assure it.

"THE HAPPY TIME" AT ST. JAMES'S, LONDON
Sir Laurence Olivier began his season at the St. James's Theatre, London, January 30, with Samuel Taylor's dramatization of Robert Fontaine's "The Happy Time"—chronicle of a French-Canadian family living in Ottawa in the '20's.

MORE ABOUT COOKING
(Continued from Page One)

baked beans were memorable. I
don't know her complete recipe but
into each pot of beans went a good-
sized onion stuck with a few cloves.
Perhaps it was this trifling addi-
tion that wrought the magic.

A meat loaf is one of the most
popular dishes served by a large
industrial firm whose job it is to
fill up a quarter of a million steel
workers every day. Why all this
enthusiasm for meat loaf? Simply
because, besides being rich, moist
and satisfying, this particular loaf
has a remarkably appealing taste.
The secret? Undiluted evaporated
milk instead of the usual liquid in-
gredient. The idea didn't come
from the firm's dietitian but from
an old lumber camp cook they once
employed. My favorite liquid for a
meat loaf is a tin of cream of blan-
ched almonds for a surprise ingredi-
ent. Have you ever substituted toast-
ed rolled oats for the bread crumbs
the recipe calls for? If you like
garlic add a little garlic vinegar to
the loaf, a number of seasons will
change this common-places dish into
something special.

Layer cakes seem to be in the
limelight again. They can be plain
as a Quaker's bonnet or elegant as
a velvet gown. Here the scope to
improvise is endless. One day after
I'd made a chocolate cake I found
I was out of icing sugar. What to
put in between and on top? We
have no corned store remember?
That day I made up a filling which
has since become a great favorite
with both family and guests. I
make it like this—mix together in
the top part of a double boiler,
three tablespoons of flour, three
tablespoons of cocoa, three quarters
of a cup of white sugar, a pinch of
salt and a pinch of cinnamon. Add
one-half cup of raisins (seedless),
one tablespoon of butter and one-
and-a-half cup of boiling water.
Add the water slowly stirring con-
stantly. Cook till thick. Spread
between layers and on top, sprinkle
with chopped walnuts. This filling
and topping can be used with your
own favorite chocolate cake recipe
or any cake mix. It makes a luscious
dessert if served slightly warm,
cut in wedges and top with a puff
of whipped cream.

New Traffic
Supervisor

The appointment of L. G. Farnsworth,
of Winnipeg, to the position
of traffic supervisor, Canadian Na-
tional Express, with headquarters
in Vancouver, was announced here
today. He replaces J. C. Parry who
recently retired on pension.

Mr. Farnsworth started with the
C. N. Express in the messenger ser-
vice in 1918 at Saskatoon. While
there he rose to the position of ter-
minal agent before being trans-
ferred to Winnipeg in 1946 as traffic
supervisor.

In his new post, Mr. Farnsworth
will supervise company operations
along the main line from Vancou-
ver to Red Pass Junction, on Van-
couver Island and up the coast to,
but not including, Prince Rupert.

Are Sent Out For
Parents' Perusal

Reports to parents have been is-
sued at the North Saanich high
school to all students during the
past few days.

Parents should consider them care-
fully before signing and returning
them to the school.

Academic achievement is recorded
on the right hand side of the report
under the various subjects being
studied by the student. While 50
per cent is considered a pass mark
at the end of the term, students of
average ability should be making
grades of 65 per cent or better in
the majority of their subjects.

Principal D. E. Breckenridge in-
forms The Review that in the case
of low grades, and particularly where
the grades have fallen off from the
previous report parents should try
to ascertain the cause. In the case
of seniors, perhaps the student has
too many outside activities, perhaps
home assignments are not being
properly completed, perhaps study
conditions at home are inadequate.
Whatever the cause a remedy should
be sought. Staff members are al-
ways willing to discuss the progress
of a student with the parent.

On the left hand side of the re-
port is recorded what may be re-
garded as the "character growth"
of the student. Relationship with
others, school citizenship, interest,
and attitude are all recorded there.
A C grade denotes average growth
and is the letter grade received by
most of the students. This consti-
tutes satisfactory progress.

"BY HOOK OR BY CROOK"

A Special Privilege of Long Ago

(By D. Leedham Hobbs)

"By hook or by crook": how often we use that expression, to get something done somehow, to accomplish it by some means or other? and yet few of us, in saying those words, know that we are alluding to a "right" which belonged to many of our predecessors, whose dwellings were bordering the New Forest in Hampshire, and which was granted at the time of William the Conqueror.

These privileges, granted to the inhabitants have been jealously guarded. "Rights for Rights" are part of our heritage and any attempt of the "Crown" to withdraw these have been fought most strenuously.

In 1854 an Act was passed granting these privileges and at the same time safe-guarding the Crown facilities for preserving deer. To deal with infringements a verderers', or foresters' court of six elected verderers meets at the King's house, Lyndhurst, every six weeks. Here a list of houses with rights attached is kept and supervised.

Several of these are fascinating as a matter of history. One house or cottage may possess "Rights of Cordwood," firewood which must be cut and stacked for the owner by the Crown, the Deputy Surveyor notifying him when and where it is ready for him.

Another house may possess "The Right of Turf"—the cutting of turf for fires. This right can only be kept in use if the original chimney still stands. Consequently, many newly-built houses incorporate the old, old chimneys and open hearths of centuries ago rather than lose their rights!

Then there is the "Right of Mast" that is of acorns and beech nuts; the "Right of Pasturage for Cattle," the "Digging of Marl or Clay," the "Right of Digging Peat" and the "Right of Panage" which has to do with the turning out of hogs in the forest.

Then there is the "Right of Hook and Crook" which means the taking of wood for firewood which can be cut with a hook and reached with a crook.

Old Friend - The Potato

Some like them new and some like them old,
Some like them hot and some like them cold,
Some like them mashed and some like them whole,
But uses for potatoes are still untold.

As cold weather continues and appetites expand, a satisfying touch to breakfast, lunch or dinner may be found in the Canadian home-makers' old friend, the potato. This member of the vegetable family is a joy to cook. It can be served in many ways, by itself or in combination with almost anything edible. It is easy on the budget and as a left over it has many uses.

Since potatoes are more frequently served with dinner than at any other time, serve them a different way each day of the week and surprise the family.

Baked potatoes cut in half, sprinkled with grated cheese and placed under the broiler until cheese is melted and golden brown, are a change from baked potatoes with just a lump of butter inserted in the top. Another idea is to remove a lengthwise piece from the centre of a raw potato, with the aid of an apple corer. Stuff the hole with cooked meat, a sausage or cheese. Plug ends with some of the potato that was corered out and then bake.

Variations

Variations for boiled potatoes, with or without jackets, mashed or creamed, may include Duchess potatoes, consisting of mashed, seasoned potatoes with butter and beaten egg yolk added. The mixture is whipped until fluffy, placed by spoonfuls on a pan, or for fancy shapes pressed through pastry tubes then brushed with slightly beaten egg white and browned in the oven. For that special occasion, Chantilly

potatoes may be served. They are mashed potatoes, seasoned and placed in a casserole, topped with whipped cream, sprinkled with grated cheese and placed in the oven until light brown.

Left over boiled potatoes may be served as: hash browned, when they are chopped finely, seasoned with salt and pepper and browned in a frying pan; Lyonnaise potatoes, when they are cut in cubes, seasoned with salt and pepper, onion and parsley and pan fried until brown; Delmonico potatoes, when they are mixed with a cream sauce, seasoned and put in a casserole, topped with bread crumbs and browned in the oven; or as croquettes, when riced potatoes are shaped into cylinders, dipped in slightly beaten egg, rolled in bread crumbs and deep fat fried.

But don't restrict the use of potatoes to dinner menus. For breakfast the family may enjoy fried potato slices with their bacon and egg or potato pancakes instead of toast. For the pancakes, cooked mashed or grated raw potatoes may be used. For lunch, a hot or cold potato salad is always enjoyable. The home economists of the Consumer Section, Canada Department of Agriculture have provided a recipe for a tasty potato loaf.

Potato Loaf

- 2 tablespoons milk
- 1/4 cup butter
- 1/2 cup mayonnaise
- 3/4 teaspoon salt
- 1 tablespoon finely grated onion
- 1/2 teaspoon paprika
- 4 cups hot mashed potatoes (8 medium potatoes)
- 10 thin slices process cheese

Add milk, butter, mayonnaise, salt, onion and paprika to the hot mashed potatoes, blend thoroughly. Mould in a loaf pan, 8x4 inches. Chill thoroughly. Unmould and cut into six crosswise sections. Place two slices of cheese between each section, allowing them to extend above the top of the loaf. Place in a baking dish or platter and bake in a moderate oven, 350°F., until cheese is melted and is a golden brown, about 10 minutes. Serve immediately. Yield: six servings.

Other ideas for using potatoes include soups, biscuits, scones, breads, cookies, cakes and poultry stuffings.

Originating in Peru, the potato travelled to Europe and then to North America. In Canada, there

C. OF C. NOTES

(By Secretary A. Calvert)

Whilst not making much noise about it, nevertheless the Council of the Sidney and North Saanich Chamber of Commerce have not been altogether idle the past few weeks in connection with matters concerning the welfare of this district. Through the generosity of the merchants, lights were strung across the streets during the Christmas season, and at the present time the publicity committee are arranging to have folders printed, with a view to advertising this end of the Peninsula.

Another project of vital interest to us all, namely the repairs and extension to the Sidney wharf, discussed recently with officials representing the C.P.R. and Washington State Ferries by local businessmen, Chamber of Commerce Council, and representatives from the Victoria Chamber and Associated Chamber, the outcome of which was a resolution forwarded to the Minister of Public Works at Ottawa.

We are having favorable response, the very near future to put the and it is expected work will start in wharf into shape for the opening of the ferry season.

It is planned to hold the annual banquet in the Hotel Sidney on Saturday, March 22, at which it is hoped to have some prominent visitor as guest speaker. Further particulars will be published at a later date.

COMMUNIST TOLL IN MALAYA

To December 31, 1951, 6,353 casualties have been suffered in Malaya (military, Malayan Security Force and civilians) in 3 1/2 years' fighting. Of these, the numbers killed are 2,319 civilians, 947 police and 328 soldiers. Communist losses in killed, wounded and captured total 5,528.

In addition to the federal and the provincial governments, Canada has about 4,000 municipal governing bodies.

are many varieties but one variety may be better known in one part of the country than in another. The most common varieties of early potatoes are Irish Cobbler and Warbas Katahdin. Green Mountain, Sebago, Chippewa and Netted Gem are the later ones, which store well and are the ones seen in shops during the winter months.

Care in buying and storage of potatoes is important. For quality and uniformity in size, buy them by grade, says the department of agriculture.

NEW FRONTIERS

There have been many changes in the economic life of Canada in these post-war years, as her change from an agricultural to an industrial economy has become a reality. None of these have been so startling as the opening of new frontiers of industry in this far Western Province.

With its great natural wealth, British Columbia has always been a fruitful field for capital investment, but it is only in the past few years that these natural resources have become the basis for further and more intensive industrial development. British Columbia has always held a paramount place in forestry, mining and fisheries production, and in these later years, we have seen and gained the benefit of further expansion in these fields. Now, added to them, are huge hydro-electric developments with industrial production in aluminum, cellulose and other products related to basic resources, either actually under way, or in advanced stages of development.

All of us in British Columbia have a stake directly or indirectly in these developments. They are the basis of the highest average wage, and the most advanced social conditions of any Province of this Dominion. All this is a credit not only to nature herself, but to the political sagacity which has encouraged the investment capital, foreign and domestic, on this unprecedented scale. This has been accomplished not only by the provision of sound government, but by active encouragement, through efficient road and rail transport, by the development of abundant electric power, and by related means.

We have much in the past of which to be proud. More, we can look forward with confidence to the brightest economic and social future the world has to offer.

CUB AND SCOUT MOTHERS MEET

The regular meeting of the Cub and Scout Mothers' Association of Sidney was held in the Scout and Guide Hall on Wednesday, Feb. 13. President Mrs. W. Hetman was in the chair and 11 members were present.

It was reported that the Scout Patrol Leaders Council, held on Saturday, Feb. 9, was fairly well attended. Thanks was extended to all who donated refreshments for this meeting. Mrs. A. Deveson, Mrs. W. Newton and Mrs. W. Hetman served the supper.

Mrs. F. Greenwood agreed to take charge of the home cooking table planned for the morning of Saturday, March 8, in Stan's Grocery. Assisting Mrs. Greenwood will be Mesdames R. H. Turley, W. Newton, M. Morris and J. Slater. Mothers of Cub and Scout will be asked to contribute to this sale. The secretary, Mrs. R. Smith, agreed to compile a list of the Cub and Scouts in the Sidney packs.

The next regular meeting will be on Wednesday, March 12, at 2:30 p.m., in the Scout and Guide Hall.

ROYAL NAVY AIDS SUEZ SHIPPING

The Royal Navy assisted 2,429 ships of 28 nations through the Suez Canal between mid-October and the end of December. This total represents 165 million tons of shipping berthed and unberthed. By its action the Royal Navy is enabling the International Suez Canal company to carry out its duties of piloting shipping through this vital waterway.

During the ten weeks between October 24 and December 21, 27 British warships have been on duty in the Zone, usually about half a dozen at a time.

The Canal Force, Task Force 52, has included cruisers, destroyers, frigates and landing-ship tanks. Fleet attendant tankers and water carriers have also been engaged in this work.

Since the Egyptian government abrogated the Anglo-Egyptian Treaty on October 16, the Royal

LORD ALEXANDER GUEST OF CANADA CLUB

The former Governor-General of Canada, Lord Alexander, will be guest of honor at a Canada Club dinner when he returns to London. Date of the event has been tentatively set for the end of April. Indications are that the event will be "stag". In 143 years the Canada Club has had only one "ladies night"—after the 1914-18 war. The club's new honorary secretary, elected at the annual meeting on February 1, is A. D. Harper, London manager of the Bank of Montreal, who succeeds J. S. P. Armstrong, retiring agent-general for Ontario.

Navy has undertaken all the work formerly carried out by Egyptian crews on mooring boats and other craft.

Egypt is among the nations, whose shipping has been helped. Others are the U.S.A., Russia, Norway, France, Italy, Denmark, China, Spain and Japan.

MORE ABOUT HISTORY

(Continued from Page Three)

stable and had a horse for ease in covering the district. In moving into the new hall the staff was increased by two; Wm. Jackson, being appointed collector, and Miss Lizzie Bull, stenographer, also James Owens was appointed constable with Mr. Little as chief.

Several road foremen were appointed: John Irvine, Ward 3; J. Jackson, Ward 4; these two are still with us in retirement. Mr. Willerton, Wards 1 and 2; R. Nimmo, Ward 6, still on duty; and S. McCullough, Ward 5, whose son now holds the position.

I must go back a bit. Andrew Strachan, J.P., of Gordon Head, sworn in the first council and it remained his prerogative to do so for many years and he fulfilled the duty well, always having some fatherly advice for the new council.

First Secretary
I think William Moore was first secretary of the school board, followed by Wm. Campbell, who followed on moving to be caretaker at Sooke Lake. On leaving the clerkship, I was appointed secretary in place of Mr. Campbell, which I had for two years.

During 1908 and 1909 the water problem began to loom up and three local improvement by-laws were passed to supply water to areas close to Victoria, but all revenue was collected by the city.

Mr. Fowler acted as engineer for any professional work required until he went to Oak Bay as municipal engineer.

About 1910 or 1911 it was found necessary to have a permanent engineer and C. H. Topp was appointed and J. A. C. H. was appointed municipal solicitor.

About the same time the assessment roll was about quadrupled, so many subdivisions being put through, even farms in the northern districts. It was found necessary to appoint R. Sewell as assistant in the matter.

Annual Flood
One case I think is worthy of note, a subdivision of the whole of what was called Panama Park, a famous flat overflowed every year by Colquitz Creek. The council refused to pass plans as unsuitable for residential property. The proprietors appealed to the government who allowed their appeal resulting in a few very disappointed buyers, and to this day it is still only a farm.

In 1912 steps were taken towards paving some of the main roads, and at 1913 election to complete same, which was carried by a good majority.

After careful examination of different pavements, Messrs. Warren Co. was chosen to put in their bitulithic pavement. Contracts were signed and they proceeded to prepare material, etc.

The roads proposed were Quadra and East Saanich, Carey and Gorge Roads, and I think, Shelbourne St.

About this time, 1912 or 1913, the City of Victoria approached Saanich for an agreement re enlarging the northwest sewer in Victoria. Saanich council promised to assist to the extent of \$50,000 and the city carried out the plan. The council

caused a vote to be taken on a by-law covering the wards affected to borrow the amount required. There was a strong adverse vote, and at present there is the debt due Victoria and interest from date of agreement. It appears as if this debt will eventually have to be paid before Saanich can secure an outlet to the sea for sewage.

Cancelled Contract
In 1914 council cancelled the Warren Road contract and on Warren Co. entering suit for damages, a new contract was entered into on some modified terms and the roads were completed in 1914.

Schools
For a few years the school costs did not increase very much, but with the increased population in the inner wards the schools demanded nearly half the revenue of the municipality.

Showing how a change occurs in conditions of a district has Saanich become involved. For some years since about 1918 the outer wards have been paying a larger share of school expenses than the inner wards. I had the opportunity of analyzing the position from 1920 on and I found that in a period of five years the school taxes in the two inner wards fell short about \$20,000 which was paid out of taxes paid by the outside wards.

Thus the original attempt to exclude Lake and South Saanich districts from the municipality is fully justified and may yet lead to disruption, especially when sewage becomes necessary near Victoria.

I moved to Oak Bay during the last war and have not followed closely what followed so you must look for later history from someone on the spot.

VALUABLE HINTS FOR THE HOME

A Ring Mold
An excellent substitute for a ring mold can be effected as follows: Fill a glass jar with chopped ice, seal, and set into a bowl. Pour the mixture to be molded around the jar. Remove the jar when the mixture is well frozen.

Long-Burning Candles
Place candles on ice for about 24 hours before using, and they will burn for a much longer time.

Washing Shields
To keep dress shields fresh and make them wear longer, place them flat and brush them with tepid soap suds on both sides. Souse up and down in clear rinsing water to which a little ammonia has been added. Press, do not wring. Hang over the line and allow to drip dry. Do not iron.

Refrigerator Trays
If a piece of waxed paper is inserted under the trays in the refrigerator, they will come out much more easily.

They are the youngest team ever to represent Canada in these matches.

Heads Campaign

HUBERT A. WALLACE

It was announced this week that the 1952 Conquer Cancer Campaign will be launched in British Columbia in April. This year the B.C. Division, Canadian Cancer Society, has joined with the B.C. Cancer Foundation in a joint appeal for \$250,000—\$150,000 to enable the Society to maintain its program of education, research and welfare, and \$100,000 to help the Foundation provide improved treatment facilities.

A new building costing approximately \$700,000 is at present under construction at the British Columbia Cancer Institute on Heather St., between 10th and 11th Ave. in Vancouver, and the Foundation needs \$100,000 for its completion. The new building, which will be opened later this year, is being equipped with a Cobalt 60 "bomb", one of the most up-to-date methods of treating cancer. British Columbia is the third province in Canada to make Cobalt 60 available for treatment purposes.

Hubert A. Wallace, vice-president of Yarrows Ltd., Victoria, is this year's provincial campaign chairman, with M. J. Foley as his deputy. Honorary treasurer for the 1952 Conquer Cancer Campaign will be A. C. Turner.

Mrs. Moutat Speaks On Tithing

The monthly meeting of the Ganges United Church was held recently at the home of Miss Mary Lees, with Mrs. C. J. Zenkie presiding and 14 members present. The devotional period was taken by Mrs. W. M. Moutat, who spoke on tithing and the law of prosperity.

A St. Patrick's tea was planned for Saturday, March 15, in the Mahon Hall, at which a home cooking stall will be in charge of Miss M. Lees; candy will be sold by Mrs. William Byers and tea convided by Mrs. Zenkie and Mrs. W. M. Moutat. The thank offering collection for the W.A., arranged at the former monthly meeting, brought in \$10.50 towards the funds.

Tea hostess for the afternoon was Mrs. E. Parsons.

Delegate Reports On Vancouver Auxiliary Parley

The regular meeting of Ladies' Auxiliary 63, Army, Navy and Air Force Veterans in Canada was held in St. Andrew's Hall on Thursday, Feb. 14. Thirteen members were present, and President Mrs. C. Hetman presided.

Secretary Mrs. J. Henriksen, and Second Vice-President Mrs. B. Smith, who were absent from the January meeting, took the oath of office, and were duly installed.

Delegate to the Provincial Command meeting, Mrs. I. Bennett, read her report of the meeting held in Vancouver on January 19.

Committee chairmen were named as follows: finance, Mrs. A. Tillingworth and Mrs. B. Smith; sick and relief, Mrs. M. Wood; entertainment, Mrs. M. Gordon and Mrs. A. Cronk; publicity, Mrs. C. Hetman; membership, Mrs. H. Coward.

It was announced that a social will be held following the next regular meeting on March 13.

A meeting of the executive officers will be held at the home of Mrs. J. Henriksen, Shoreacres Road, on Thursday, March 6.

THE REVIEW'S MARKET LETTER

(By H. A. Humber, Ltd.)

New York continues to drift and at 266.30 close on Saturday, Feb. 16, appears headed for lower prices. The emotional factor creeping in on a period of fatigue will have more to do with any sell off than facts. Earnings will no doubt be lowered in many cases with the exception of the 100 different stocks listed by Wallarton, Hoffman and Goodwin, which, in their opinion should show an increase in earnings in 1952 over 1951.

On the Canadian market the oils are the favorites and continue to lead others in volume. Many appear to be over valued and one wonders just how they could withstand any serious selling pressure.

HOSPITALITY EXCHANGED FOR CHILDREN

Over the past four years more than 2,000 sick, mutilated or orphaned school children from five European countries have received free hospitality in the homes of British people. Conversely, nearly 2,000 children from the U.K. in need of sun and holiday have been received with equal generosity into private homes in other countries.

Spring Preview of SUITS and COATS

We unpacked them only on Saturday and as each garment was disclosed to our wondering eyes there were exclamations of delighted surprise. Such famous names as Warren K. Cook and Glenhistle are assurance of fine tailoring, and meticulous finish in every detail, and there's no need for assurance as to fabric and colors—these you will judge for yourself. There are unusually smart suits in grey flannel, the new Sealuna fabric, mixed Tweeds, and in several quite new shades. And the lady considering a Topcoat will be equally delighted by the new arrivals. Plain and mixed Tweeds, Plain Wools, Glen Plaids, Grey Flannels and Navy. Tomorrow would be a good day to see these unusually smart creations.

Pay for your new Hillman in dollar currency before you leave, and it is waiting for you when you arrive. At the end of your stay we arrange shipment for the Hillman drive to Victoria . . . attending to all formalities.

You hasten to the boarding-house room occupied by Jerry Hibberd and Eddie Hibberd. Hibberd is lying on the floor in front of the lone window, a knife protruding from his chest. You notice two overcoats thrown carelessly over an easy chair in one corner.

You pick up the topmost coat, examine its pockets, find a revolver. "This yours?" you ask Maxwell, who is standing nearby.

"Yes. You see, I have a license . . . Just a moment," you interrupt as you examine the other coat. After finding only one torn glove in one of the pockets of this coat, you ask Maxwell to give his story.

"I went to bed early last night—about 10 o'clock—and an hour or so later Eddie came stumbling into the room. The noise he made woke me up, and I could see he was pretty drunk. I told him to take it easy and go to bed. So he threw his overcoat down and fell into bed fully dressed. I listened to him spluttering and mumbling to himself for awhile, then I fell asleep—and when I woke this morning around eight o'clock, there he was lying on the floor dead. I phoned you right away."

"Didn't you hear a thing after you fell asleep the second time?" you ask. "And have you disturbed anything at all?"

"I didn't hear a thing. I was plenty tired, and I haven't touched or moved a thing in this room, either."

"How long have you two been living together?"

"Just about a year. He was an odd sort of fellow. Kind of moody. I think he's been in trouble of some kind, because he's been mooping about something ever since I've known him."

"I think you're in trouble, too," you say to Maxwell. "You've been lying to me."

What has made you suspicious?

Solution

Maxwell claimed that after Hibberd awoke him, he threw his overcoat down and fell into bed—and that he, Maxwell, had disturbed nothing. Yet, you found Maxwell's coat lying on top of Hibberd's!

CROSSLEY HEADS NEW SANSBURY P.T.A. GROUP

A P.T.A. organization meeting was held at the Sansbury elementary school on February 13. Mrs. G. W. Pottinger, third vice-president of the B.C. Federation of P.T.A.'s was the guest speaker and a very enlightening talk on the foundation and purposes of the P.T.A. was heard by those present. Mrs. Wills and Mr. Henning were also present and helped to organize.

J. Crossley was elected president of the new organization and Miss M. Whyte, honorary president. Other officers elected were: Mrs. J. J. Woods, vice-president; R. H. Turley, secretary-treasurer; Mrs. M. B. East, social and hospitality; Mrs. R. Adamson, membership; Mrs. C. Sansbury, publicity; Mrs. Detlevson, programs; and R. Adamson, publications.

It was decided that the new organization would be known as the Sansbury Elementary P.T.A. and would meet on the second Tuesday of every month at 8 p.m. The fees will be 60 cents per annum.

It is hoped that as many parents as possible will be present at the next meeting so as to enable them to be charter members of the organization.

CHIMNEY FIRE

In and AROUND TOWN

Vancouver, and returned to her Fulford home by the Salt Spring ferry. Mr. and Mrs. T. Sharrock and daughter, Brenda, Marine Drive, visited with Mrs. Sharrock's brother-in-law and sister, Mr. and Mrs. F. Smith, Great Central, B.C.

Miss Joan Gardner, Shoreacre Road, is spending the week with her uncle and aunt, Mr. and Mrs. H. Edwards, West Vancouver.

Mrs. V. Vipond, Nanaimo; Mrs. S. Sainsbury, Esquimalt, twin daughters of Mr. and Mrs. C. W. Stirling, Ocean View Ave., were Sidney and Brentwood visitors last week.

Mrs. W. Nevay, Cloverdale, B.C., accompanied by her mother, Mrs. Stiller, Alliance, Alta., were weekend guests at the home of Mrs. A. Slater, Shoreacre Road.

Chas. Douma, Sidney garageman, was a week-end visitor in Vancouver.

Mr. and Mrs. H. Carter, Beacon Ave., have taken up residence in the former home of Mr. and Mrs. A. Stillwell, Sixth St.

C. E. Hanson, Wains Cross Road, is progressing favorably but slowly in St. Joseph's Hospital, Victoria, where he is being treated for severe burns, when the boat he was in caught fire in the waters near Ganges, in December.

The only Mormon Temple in the British Empire is at Cardston, Alta.

Tiny Flowers

These beautiful, tiny desert flowers—some of them having blossoms less than one-fifth of an inch in diameter—were filmed by a Moody Institute of Science photographer. Amazing facts about these desert plants and other microscopic wonders of nature are revealed in "Hidden Treasures", the Institute's newest "Sermons From Science" film, which will be shown at the Sidney Gospel Hall, Monday, March 3, at 7:30 p.m.

AGED SIDNEY LADY PASSES

The death occurred at her home, 2067 Marine Drive, Sidney, on February 18, of Mrs. Emily France, aged 86 years, widow of the late Herbert M. France.

Mrs. France, the former Emily Lupton, was born in Huddersfield, Yorkshire, in 1865. At the age of 21 she married and came to Canada, returning to England in 1899. Eleven years later, she returned to Canada and served as a practical nurse in Victoria.

Mr. and Mrs. France moved to Sidney in 1920 and the former passed away here in 1942. A son, the late Herbert Henry France, a well known Sidney electrician, predeceased them in 1938.

The deceased is survived by four daughters: Miss Edith France, at home; Mrs. Annie Bell of Sidney, Mrs. S. (Mabel) Ware and Mrs. Wm. (Ethel) Craig of New Westminster; two sons, John and Reg France, of Sidney.

Funeral services will be conducted by Rev. E. S. Fleming on Thursday afternoon, Feb. 21, at 1:30 o'clock in McCall Brothers Funeral Chapel. Interment will follow in Royal Oak Burial Park.

NORTH SAANICH HOOPERS WIN AND LOSE

In an F. N. Wright Trophy game played last week at the North Saanich high school gym., the local intermediate team had little difficulty in disposing of the Mount Newton intermediate cagers by a 31-8 score. This win gave North Saanich 13 points to Mount Newton's 7 in the trophy standing.

On Monday afternoon the classy Mount View senior boys' team journeyed to the Agricultural Hall at Saanichton to meet the North Saanich team in the first of a home-and-home series in the Island play-off tourney. An advantage in height and experience enabled the Mount View team to take an early lead and carry it through to a 38-21 victory.

R. Wilson with seven points and D. Peddle with eight, were the leading scorers for North Saanich. F. Snowsell and D. Norbury refereed. The teams will meet again at Mount View on Tuesday.

Former Solarium Patient Honored At Brentwood W.I. Valentine Party

A former Solarium patient, the centre of attraction at a children's Valentine costume party, was little Sharon Marsh, of Duncan. Sharon, a great-niece of the late Mrs. A. R. Anderson, a valued life member of the Brentwood Women's Institute which staged the party, has long been of interest to the members. This year when plans were made for the evening, Mr. and Mrs. J. R. Marsh were asked to attend, and to show the movies which depicted some phases of life at the Solarium over a period of three and a half years. Mrs. E. Stevens, Sharon's grandmother, also came from Duncan.

About 90 children, the majority in costume, enjoyed an evening of mixed entertainment. Mr. Marsh showed comic movies in addition to those of Sharon; two clever young pianists, Edna and Joanna Galt, played duets; and young Claudia Butler proved herself an accomplished violinist. Mrs. K. Pederson was accompanist throughout. Frank Merryfield mystified the children and many adults present, too, in a display of his art.

The judges, who had been introduced by the convener, Mrs. E. G. Woodward, were Mrs. A. J. Ingram, president of the Royal Oak Institute, and Mrs. A. Fairbairn, assisted by Mr. Merryfield. V. C. Dawson, president of the Brentwood Community Club, M.C.'d the affair in his usual lively style, and with Sharon's help gave the prizes for the various winning costumes to:

One-year-old Jill Bolster, with brothers Douglas and David, as the bride, groom and minister.

Under six years: Patricia Knott (Valentine) and Irwin Schoen (cowboy).

Six to eight years: Alice Joyce (old lady), Allan Shiner (clown), Roddy McDonald (Dan Cupid).

Nine to 12 years: Diana Ferguson (Valentine), Douglas Jubb (bat).

GRAND CHIEF TO VISIT SIDNEY TEMPLE

Most Excellent Chief Mrs. F. Chappuis presided when Victory Temple No. 36, Pythian Sisters, met in the K. of P. Hall, Sidney, on Tuesday, Feb. 12. There were 28 members present, and one visitor, Mrs. C. Brown of Victoria, a member of Trail Temple No. 3.

A letter received from Grand Chief Evelyn Beduz, of Kimberley, stated that she would pay an official visit to Victory Temple on Monday, Mar. 24. The regular meeting, scheduled for March 25, will be changed to enable the Temple to meet the Grand Chief.

An election was held to fill the vacant manager's chair. Mrs. W. Cormack was elected and duly installed as Manager of the Temple by Installing Officer Mrs. C. Hetman, assisted by Grand Senior Mrs. B. Knight and Grand Manager Mrs. Mabel Smith.

To Adopt Child

It was decided to hold teas and card parties in the members' homes to raise money to adopt a youngster through the "Save the Children Fund".

Past Chief Mrs. E. S. Taylor was presented with her past chief's pin and certificate, a gift from the members, and a scrapbook containing newspaper clippings pertaining to the work of Victory Temple.

Following the meeting, everyone present shared a novelty cardboard Valentine cake containing heart-shaped needle cases, provided by the chairman of the entertainment committee, Mrs. W. Cormack. Refreshments were then enjoyed.

The next regular meeting will be held on Tuesday, Feb. 26.

FRED RILEY IS CLUB SPEAKER

At the February meeting of the Anglican Men's Club of St. Stephen's and St. Mary's churches the speaker of the evening was Capt. Fred Riley, M.C. and Bar. The meeting was held at 8 o'clock on the evening of February 12 at the Parish Hall, on Mount Newton Cross Road, and there was an attendance of 26 persons.

Capt. Riley gave a most interesting and entertaining account of his experiences during the last 15 months of the South African war

and produced for inspection a number of old photographs which brought vividly home to his hearers how different were the conditions in the Boer War from those obtaining in World War One and still more from those in World War Two. A number of veterans of all three wars were present. After the lecture a lunch was served.

Ancient pastime: Dice-playing has been traced back almost to the beginning of history and there were sharpies even in that era because loaded dice have been unearthed in the ruins of Pompeii.
